Equality: Making It Happen
A guide to help schools ensure everyone is safe, included and learning

Written by CSIE staff and associates

New from CSIE:
A succinct guide to help schools tackle prejudice, reduce bullying and address equality holistically. Created with primary and secondary schools, this is a user-friendly set of reference cards covering all aspects of equality. It offers simple and practical advice, as well as links to sources of further information and support.

- “seductively practical”
- created with schools for schools
- sponsored by NASUWT
- engages the whole school community
- relevant to primary and secondary schools
- places pupils at the heart of protecting children’s rights
- includes CD, equality audit tools, key information, suggested activities, examples of good practice and more

“A guide to help schools ensure everyone is safe, included and learning
